Warriors Follow Many

WARRIORS follow paths to success this year of '67-'68. They have done well in all their endeavors . . . they have succeeded in the SMOKE SIGNAL . . . Forum . . . Student Council . . . newspaper, in scholastics . . . sports . . . musical talent . . . speech contests . . . P.T.A. participation and many clubs. This year, more than ever, WARRIORS have followed paths to success.

Warriors study diligently . . .

and relax during lunch.

Paths to Success

1462145

Kekionga Junior High School—2929
Engle Road, Fort Wayne, Indiana 46807

Kekionga Benefits Students

WARRIOR Country is at Kekionga Junior High School. This school year, 1967-1968, is Kekionga's eighth year in the public school system. At Kekionga students are required to study and practice not only general school subjects but also mature situations and responsibilities.

This year Kekionga has the largest enrollment it has ever encountered. The eighth grade has the largest class with a total of 318 Warriors while the seventh grade has 293. The smallest class this year is the ninth grade with 291. The boys outnumber the girls by a margin of 16. Total enrollment 902.

Five major schools supply Kekionga with all of its students other than those from parochial schools. These schools are Indian Village, Hillcrest, Maplewood, Pleasent Township, and Waynedale. Transportation is supplied by bikes, cars, and walking. Approximately 790 students ride busses.

Mrs. Anne Albright counsels a student.

Warriors Stick to Schedule

Above and below are typical passings between classes.

Another great year ends with this TOMAHAWK. It has been a busy year with the sporting events, dances, club activities, the Talent Show, and the plays. Every Warrior schedule is crowded with classes and study, yet many still find time to make friends and enjoy social functions.

Most students arrive at 7:40 each morning. Lockers are visited, and there is time to talk to friends until 7:45, when students are to go to homeroom.

The formal homeroom period begins at 8:05, and ends at 8:20. In homeroom the announcements for the day are made, homework is finished, and students confer with teachers and other students about the assignments. Five minutes is allowed for the transferring of classes.

First period starts at 8:25. After the third period class the seventh graders eat. They are allowed 30 minutes to eat, relax, and get to their fourth period class. At 11:50 the eighth graders eat. Their fourth period class is divided into two parts. They have half of the class before lunch, and the other half after lunch at 12:25. This is the time the ninth graders eat lunch.

The final bell rings at 2:50, and classes flow into the halls, to lockers, to activities, or to buses.

Seventh period, 2:55 to 3:35, is used for extra-curricular activities or study hall every day of the week.

Students must provide their own transportation home after the seventh periods. At home they get ready for the next day at Kekionga. This day proves to be exuberating and educational.

Visitor from Congo broadens WARRIORS' interests.

Fashions Go Wild

Sharp dresses are seen on Cathy Greene, Joni Gren, and Cher Leamon.

Jane Smith models a 'dressy' dress.

Op Art influences styles.

Shoes Coordinate Fashions.

Some 'In' Styles

Middle left: Saddle Shoes are Tops.

Lower left: Some Cute Dollies are Eeke Voogd, Sue Howard, and Jan Ashton.

Lower right: Snappy kilts are worn by Karen Bradtmiller, Nancy Davis, and Jill Ewald.

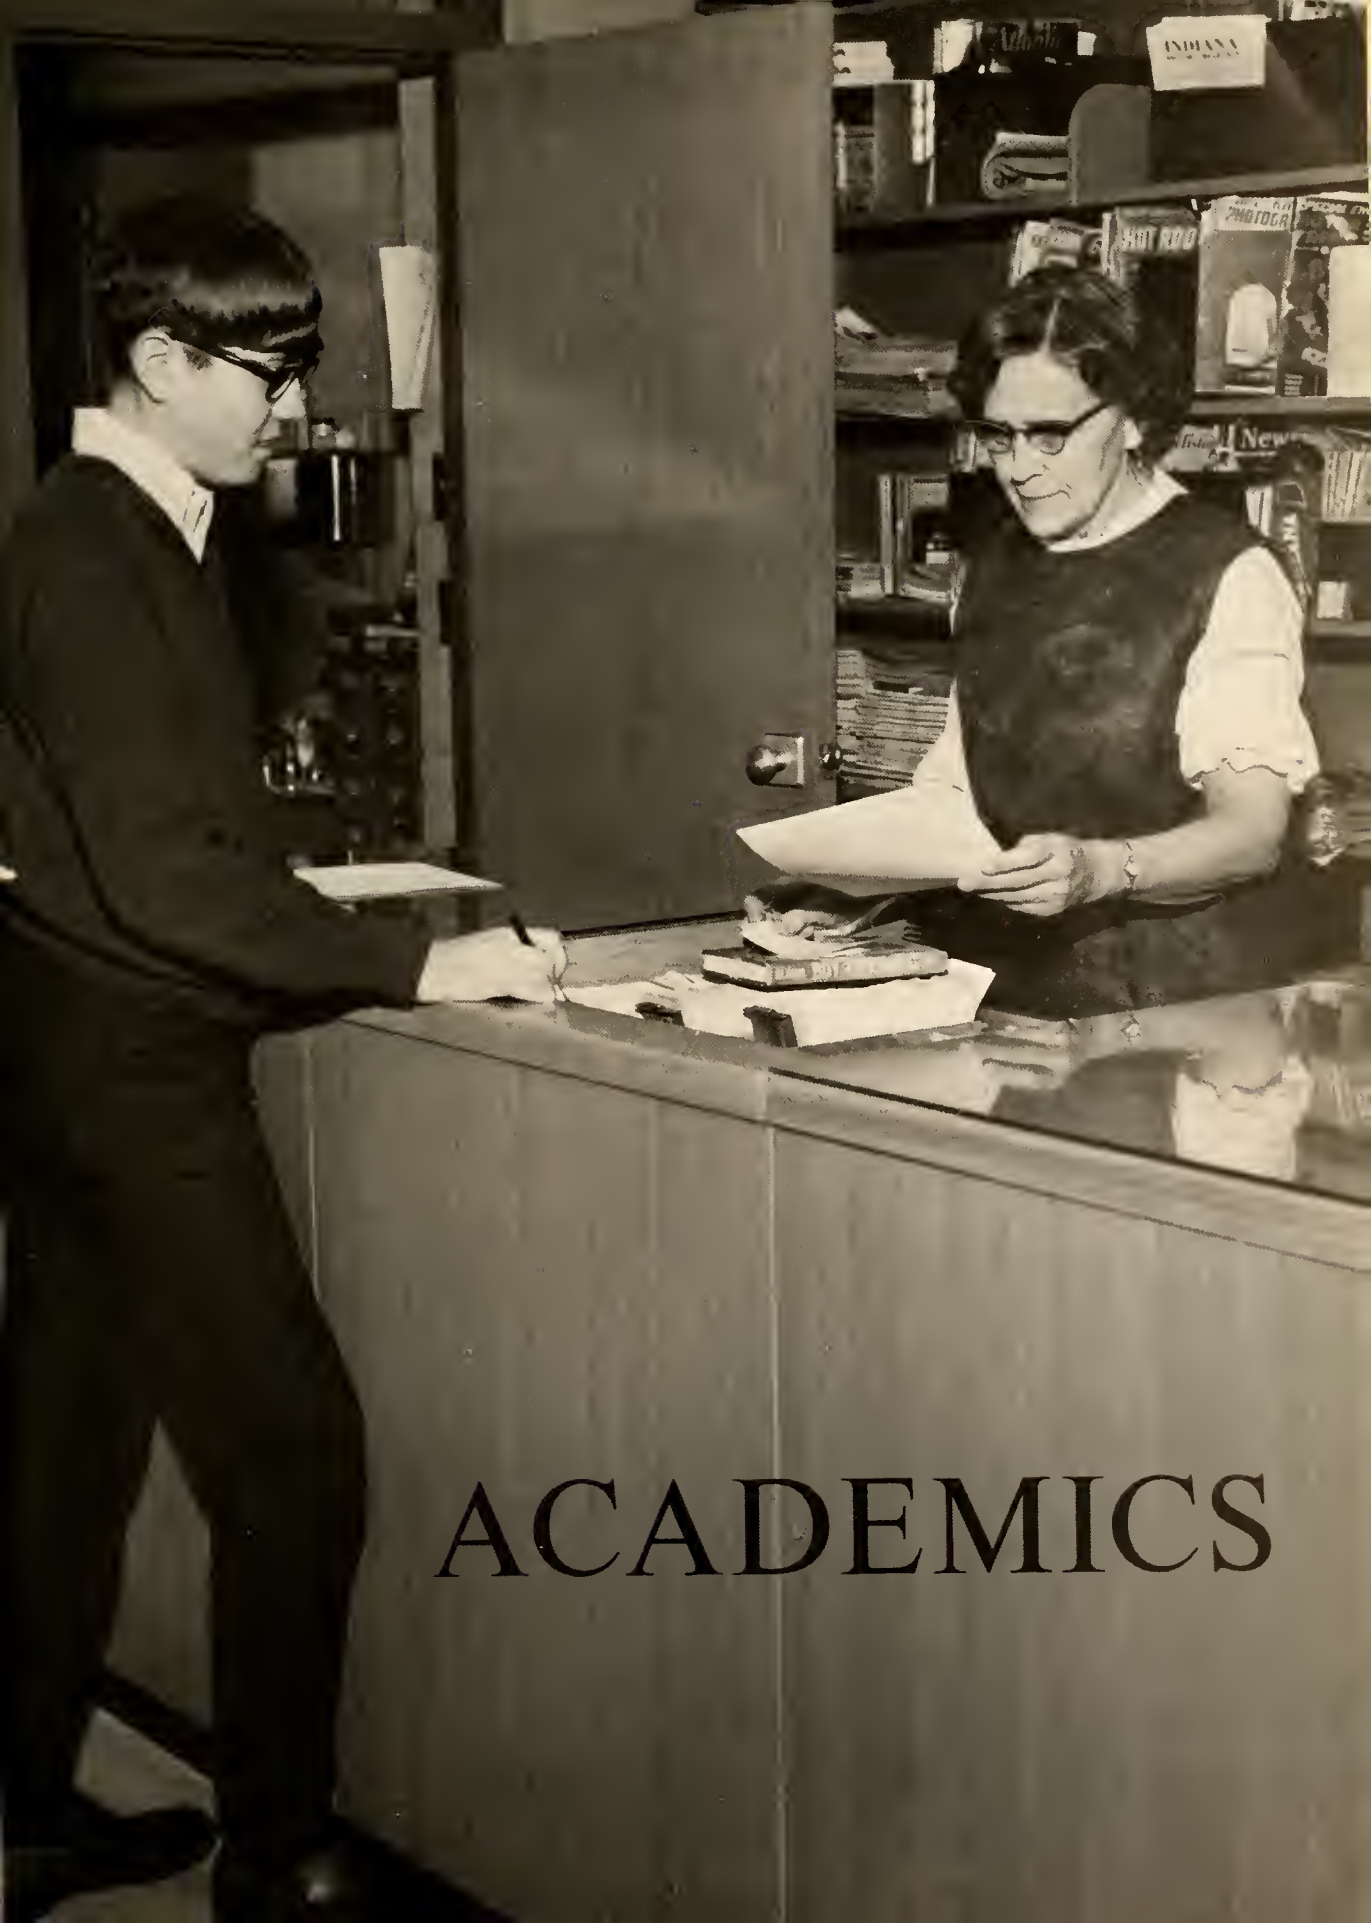
Styles Are 'Groovy'

Upper left: Joni Gren, Sue Hart, and Jan Keyser 'dig' hardware.

Upper right: Cindy Streit and Connie Larhman are 'with' the coat fashions.

Center: Jane Smith, Mary Sue Henderson, Diana Spang, and Nancy Bube enjoy shirt dresses.

Lower left: Casuals are familiar attire for Dave Stebing, Rob Rogers, Mardy Shaher, and Cindy Streit.



ACADEMICS

Mary Sue Henderson explains to David Wilcoxson a point of interest in a Cuban newspaper as Sue Hart looks on.

As Mr. Goslee dictates the French vocabulary, his students translate English.

Languages Enrich Culture

Going through a reading lesson Mr. Beckley points out new words and derivatives.

Kekionga's Language Arts Department offers the study of English through units of language arts, developmental reading, and developmental language. Our foreign languages include Latin, Spanish, and French.

The purpose of ninth grade foreign language classes in Spanish and French is to give students a beginning knowledge of the new language in conversation, culture, and structure. Students who have chosen Latin are being taught to speak and translate the Latin language. Through a study of Latin, students gain a better knowledge of English as well as an exposure to Roman literature and culture.

and old documents are just a part of teaching geography. Mr. Ivins is class listen to a report on the Declaration.

Seventh graders in Mr. Smith's geography class also study the history of Indiana.

People, Places, Promise Pursuits

Mr. Bandemer uses filmstrips in teaching the history of America.

Social science is offered to give students a greater understanding of the past, present and future problems of the world. It is to help them improve the well-being of themselves and their fellowmen.

Seventh graders study aspects of both world geography and Indiana history. Eighth graders study United States history and are encouraged to compare past history with present and future problems of our nation.

Orientation is a ninth grade elective fundamentally based on the problems which arise in society. It deals mostly with sociology and the understanding of yourself.

Explaining the human organs to his third period class, Mr. Walker traces the digestive system.

Science, Math Give Better Understandings

Jack Zellers, Bill Schepler, Kathy Hart, and Kathy Greene work algebra problems as Mrs. Howenstein observes along with class.

Cheryl Wolf points out the parts of the body in Girls' Health class taught by Mrs. Coblentz.

raham listens as a Home Arts student explains the use hammer and other tools.

Mr. Buzzard introduces the use of other tools to his eighth grade class.

Home Arts Prepare for Practical Living

The curriculum in science and math at Kekionga is designed to prepare students for their future needs in a fast-changing, highly technological world. Both math and science are requirements in the course of study for all students at Kekionga. Seventh and eighth grade students take general math as a basis for more intense, future studies. Ninth graders may choose algebra or continue in general math.

Science is required for one semester in seventh grade, for two semesters in eighth grade. Ninth graders choose either general science or biology.

Home arts courses concentrate on the practical application of domestic sciences.

Fifth period home economics is concerned mostly with cooking and sewing.

Physical Fitness, a Part of Total Development

Ninth grade boys' gym class competes in rope climbing skills.

Girls enjoy a lively game of basketball in ninth grade class.

WARRIORS

Mr. Miller came to Kekionga in 1964. He has added new enthusiasm to the Kekionga faculty and student body, handling his job with care and understanding.

Mr. Sell, the assistant principal, has been at Kekionga since 1965. He guides the students in decision making concerning their future education, helping them also with personal problems.

Mrs. Rosemary Goldman handles the school records and daily attendance. With responsible care, the secretaries help the school run smoothly.

Mrs. Martha Hursh manages the school's business, particularly in the area of extra-curricular activities and matters of finance.

Kitchen Staff: Mrs. Lois Mangona, Mrs. Lenore Stoller, Mrs. Marge Norton, Mrs. Martha Hunt, Mrs. Dorellyn Grodrian, Mrs. Dorothy Gillette, Mrs. Evelyn Dennis, Manager.

Office Staff, Cooks, Custodians Maintain Efficient Running of KJHS

Custodial Staff: Warble Robbins, Head Custodian, Karl Madinski, Thomas Parisot.

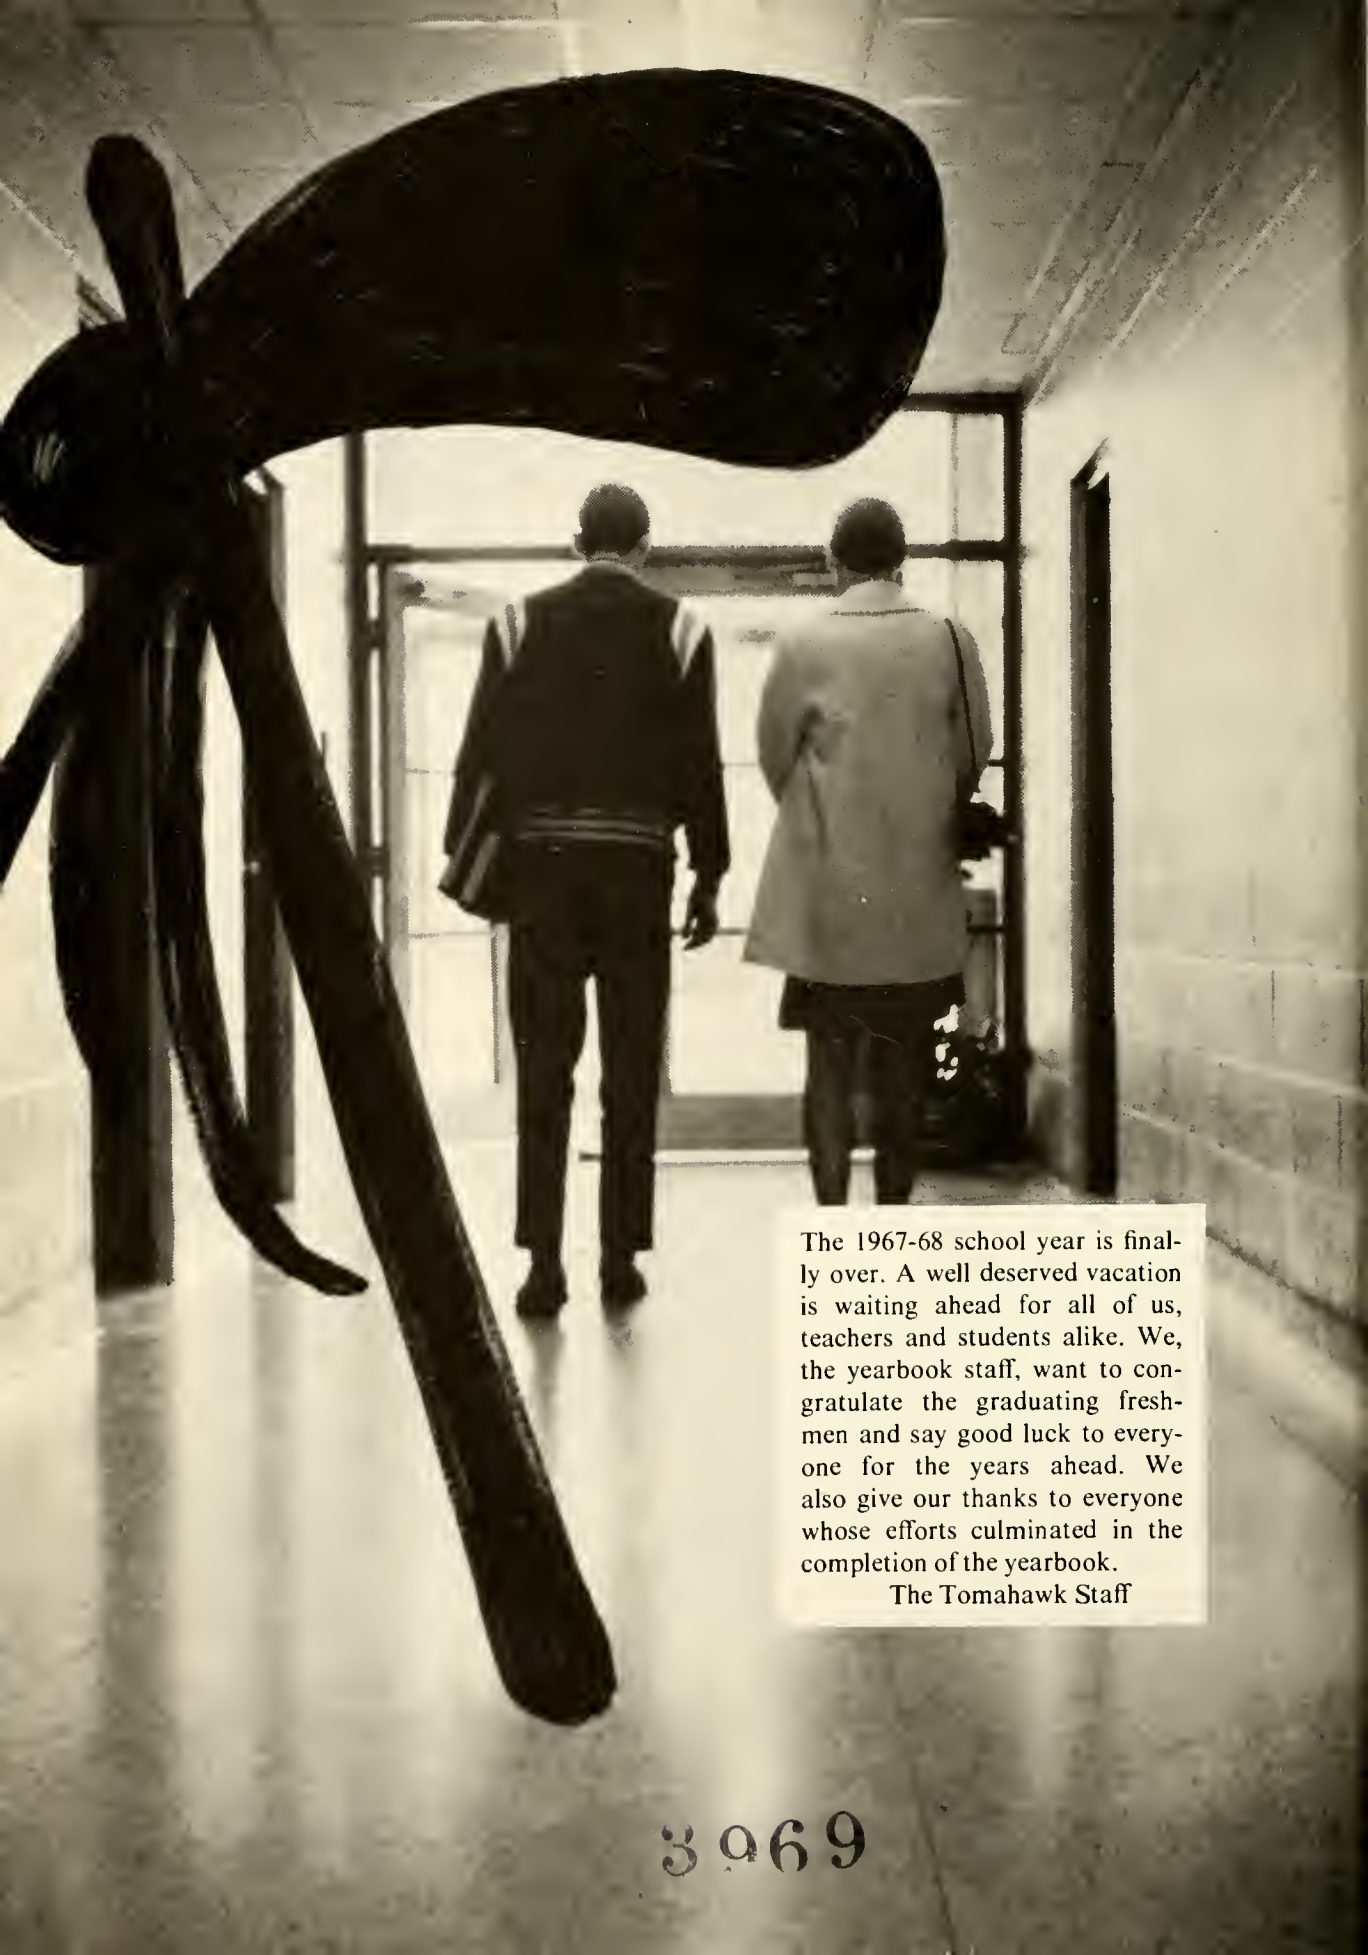
School Spirit



The 1967-68 school year is finally over. A well deserved vacation is waiting ahead for all of us, teachers and students alike. We, the yearbook staff, want to congratulate the graduating freshmen and say good luck to everyone for the years ahead. We also give our thanks to everyone whose efforts culminated in the completion of the yearbook.
